3. The Texas Historical Commission has determined that no survey is required and the project may proceed.

4. The USIBWC has determined that the proposed gas well and related features will have no significant effect upon the flood carrying capacity of the Main Floodway.

On the basis of the Quisto EA, the USIBWC has determined that an environmental impact statement is not required for the issuance of a license to Quisto to construct, operate, and maintain a gas well and install related features within the Main Floodway of the USIBWC LRGFCP and hereby provides notice of a finding of no significant impact (FONSI). An environmental impact statement will not be prepared unless additional information which may affect this decision is brought to our attention within the thirty (30) days of the date of this Notice. A limited number of copies of the EA and FONSI are available to fill single copy requests at the above address.

[Docket No. AB-1 (Sub-No. 259X)]

Chicago and North Western Railway Company—Abandonment Exemption—in Goodhue County, MN

Chicago and North Western Railway Company (CNW) has filed a notice of exemption under 49 CFR 1152 Subpart F—Exempt Abandonments to abandon a 0.3-mile line of railroad, known as the Cannon Falls, MN Spur, between milepost 73.4 and milepost 73.7, near Cannon Falls, in Goodhue County, MN.

CNW has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) any overhead traffic on the line can be rerouted over other lines; (3) no formal complaint filed by a user of rail service on the line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Commission or with any U.S. District Court or has been decided in favor of the complainant within the 2-year period; and (4) the requirements at 49 CFR 1105.7 (environmental reports), 49 CFR 1105.8 (historic report), 49 CFR

1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.

As a condition to use of this exemption, any employee adversely affected by the abandonment shall be protected under Oregon Short Line R. Co.—Abandonment—Goshen, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10505(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on May 17, 1995, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,¹ formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),² and trail use/rail banking requests under 49 CFR 1152.29³ must be filed by April 27, 1995. Petitions to reopen or requests for public use conditions under 49 CFR 1152.28 must be filed by May 8, 1995, with: Office of the Secretary, Case Control Branch, Interstate Commerce Commission, Washington, DC 20423.

If the notice of exemption contains false or misleading information, the exemption is void *ab initio*.

CNW has filed an environmental report which addresses the abandonment's effects, if any, on the environment and historic resources. The Section of Environmental Analysis (SEA) will issue an environmental assessment (EA) by April 21, 1995. Interested persons may obtain a copy of the EA by writing to SEA (Room 3219, Interstate Commerce Commission, Washington, DC 20423) or by calling Elaine Kaiser, Chief of SEA, at (202) 927-6248.
